NOIDA INTERNATIONAL UNIVERSITY

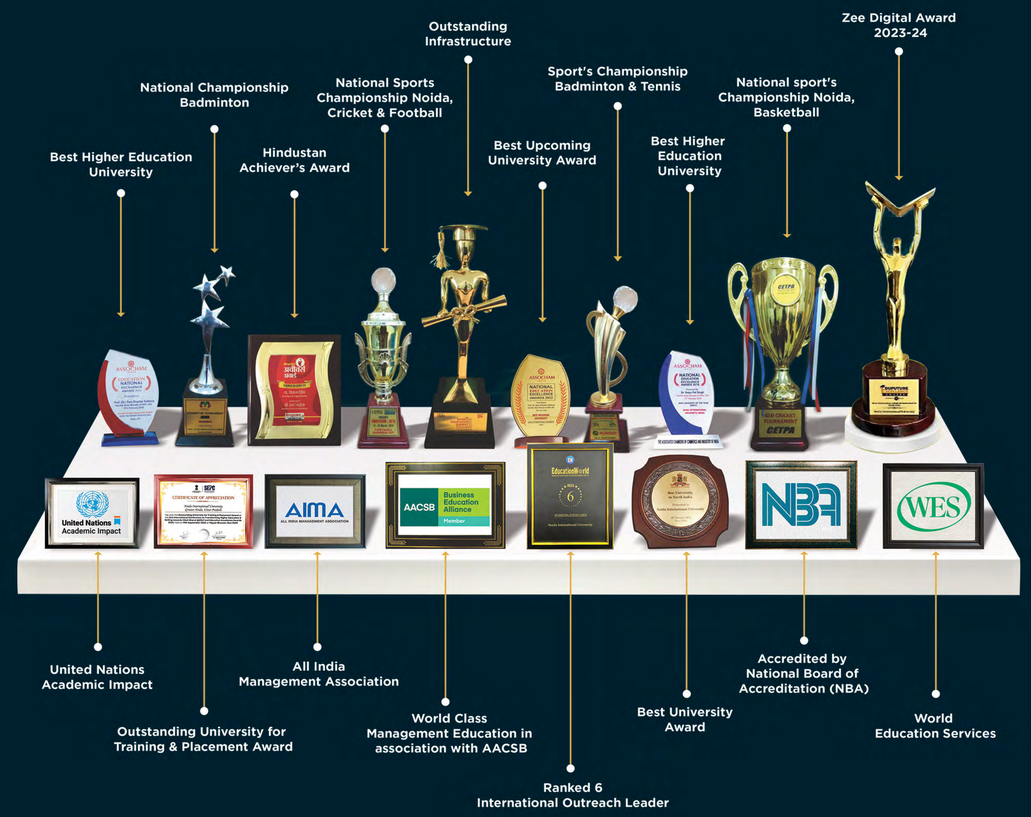
Noida International University (NIU), established under U.P. Legislature Act No. 27 of 2010 and recognized under Section 2(f) of the UGC Act, 1956, is a distinguished institution sponsored by the Maruti Educational TrustNIU stands out for its modern infrastructure and academic excellence. The university earned widespread acclaim by securing an exceptional NAAC A+ grade with a score of 3.44/4 in its first accreditation cycle—the highest among all private state universities in India—awarded by the autonomous body under the UGC, Ministry of Education. With 12 schools offering multidisciplinary programs NIU attracts students from 60+ countries, reflecting its global reputation. The campus also hosts the Noida International Institute of Medical Sciences (NIIMS), a 800+ bedded hospital and medical college recognized as a Centre of Excellence, known for its innovative, pragmatic pedagogy that strengthens hands-on learning and deepens students' understanding of medical education.

"Gateway To Global Learning"

15 YEARS

Celebrating 15 years of institutional excellence

PRIDE & EXCELLENCE



VISION

To make quality higher education accessible to learners across India and the world through flexible, technology-driven, and Industry-Oriented Online programs that empower students with skills, knowledge, and global exposure. NIU Online aims to create a digital learning ecosystem that supports lifelong learning, promotes innovation, and bridges the gap between academic excellence and real-world opportunities. To bring out the real transformation in education using the latest technologies tools to provide the same quality education and equal opportuinities to online mode learners ,that we have been providing to our students on campus.Through globally aligned Curriculum, expert faculty, and a learner-centric approach, NIU Online strives to nurture future-ready professionals, ethical leaders, and lifelong learners who can contribute meaningfully to society and the global workforce. Our vision is to redefine higher education by making it accessible, affordable, and impactful for learners worldwide while upholding the highest standards of academic integrity and excellence. To democratize higher education by providing affordable, inclusive, and technology-enabled learning opportunities to learners across geographies and socio-economic backgrounds. To become a leader in digital pedagogy and innovation, leveraging advanced learning technologies to enhance engagement, accessibility, and learner outcomes. To continuously evolve as a future-ready digital university model, adapting to emerging trends in education, technology, and industry.

MISSION

Provide Accessible Education and deliver High-Quality Learning and offer affordable and flexible online degree programs that can be accessed anytime, anywhere, ensuring inclusivity for working professionals, homemakers, and remote learners and foster skill Development To equip students with practical skills, digital competencies, and professional readiness through hands-on learning, online labs, case studies, and career-focused modules. We strive to empower learners with relevant knowledge, practical skills, and ethical values through UGC-entitled and globally recognized online programs. By fostering academic excellence, inclusivity, and continuous learning, NIU Online aims to prepare competent professionals and responsible global citizens capable of thriving in a dynamic and evolving world. Through interactive live classes, digital learning resources, and mentorship from experienced faculty and industry experts, NIU Online fosters critical thinking, professional competence, and ethical leadership. We strive to promote inclusivity, affordability, and lifelong learning while maintaining the highest standards of academic integrity, quality assurance, and learner satisfaction. To foster a student-first learning ecosystem supported by strong academic mentoring, advising, and career guidance. To encourage innovation, creativity, and critical thinking through experiential and application-oriented learning models. To build a digitally inclusive learning environment that supports diverse learners, including working professionals and international students.
