About NIU

Noida International University (NIU) achieved recognition for its academic prowess by receiving the highest score of 3.44 out of 4 with Grade A+ in the first cycle of NAAC accreditation, outperforming all other private state universities in India. This honor was bestowed by the prestigious autonomous institution under the UGC, Ministry of Education, Government of India. A wide spectrum of programs paired with flexibility, experiential learning and interdisciplinary orientation emancipate our students to explore their interests and pursue dream careers. CDOE focuses on practical skills and real-world applications.

Our Vision

"To be a global Centre of learning, Innovation, Professionalism and Academic Excellence Tempered with values and Ethics"

Our Mission

To create a vibrant environment conducive to passionate learning and original thinking

Interaction with academia and industry to promote quality research and pathbreaking innovations.

To nurture world class human resources in all domain for positive and meaningful services to the nation and society.

To inculcate the highest level of integrity, strong character and commitment in nation building to serve mankind through providing quality education and healthcare services to the society

Program Highlights

Clear Learning Objectives

Clearly defined goals and outcomes help students understand what they will achieve by the end of the course.

Engaging Content

Engaging content like videos, quizzes & discussion forums keep students engaged and helps cater to different learning styles.

User-Friendly Interface

An intuitive and easy-to-navigate platform ensures that students can focus on learning rather than struggling with technology.

Regular Assessments

Frequent quizzes, assignments, and feedback help students track their progress and reinforce learning.

Responsive Support

Accessible instructors and support staff can address students' questions and technical issues promptly.

Flexible Learning

Self-paced modules and flexible deadlines accommodate different schedules and learning paces.

MCA Overview

Elevate your tech career with the Online MCA program – designed for aspiring software engineers, IT professionals, and technology leaders. Master advanced concepts in programming, software development, database management, and cybersecurity with a curriculum aligned to industry standards. Offering the flexibility of online learning without compromising on quality, this program equips you with the skills and expertise to thrive in the ever-evolving tech landscape. Whether you aim to excel in software engineering, AI, data science, or IT management, the Online MCA sets you on the path to success.

Duration:

2 Years

Total of 4 semesters

Online Program:

LIVE + Recorded

Video Lectures by Expert Faculty

Eligibility:

Candidate must have graduated from a recognized university.

Program Structure

Semester 1

	Credit
• Problem Solving With C++	4
• Data Mining & Data Warehousing	4
• Adv. Computer Organization & Architecture	4
• DSE-1 Choose any one	5
1.Cloud Computing Tools & techniques	
2.Operation Research	
3.Digital Image Processing	
4.Data Compression	
• DSE-2 (Choose any one)	5
1.Discrete Mathematics Structure	
2.Machine Learning	
3.Cyber Law & Cyber Security	
4.Advanced Industrial Communication	
• Problem Solving With C++ Lab	2

Semester 2

	Credit
• Adv.Java Programming	4
• Adv. Data Structure	4
• Neural Networks	4
• DSE-3 (Choose any one)	4
1. Big Data Analytics	
2. Hypertext Pre- Processor	
3. Web Technologies	
4. Distributed Systems	
• DSE-4 (Choose any one)	5
1. Software Engineering	
2. Microprocessor & Assembly Language	
3. Cyber Law & Cyber Security	
4. Information Security	
• Adv. Java Programming lab	2
• DSE-3 Lab	1

Semester 3

Credit

- Machine Learning using Python 4
- Adv. Dot (.) NET Framework 4
- Theory of Computation 4
- Machine Learning using Python Lab 2
- Adv. Dot (.) NET Framework Lab 2
- Industrial Seminar 2
- Minor Project 4

Semester 4

Credit

- Advanced DBMS 4
- Full stack technologies 4
- Entrepreneurship Development 4
- Advanced DBMS Lab 2
- Full stack technologies Lab 2
- Major Project 6

Key Recruiters

Admission Process

1

Online Counselling

Our counselors will provide guidance to potential students on their selected program.

Online Registration to Admission Portal

Access to the admission portal is granted through online registration with a registration fee.

2

3

Documents Verification

The university admission team reviews the uploaded documents and confirms eligibility within a span of 4 Days. Approval of documents is subject to eligibility criteria as per the university guidelines.

Fee Payment & LMS Access

Students receive a fee payment link in their respective accounts to complete payment. Upon successful fee payment, eligible students are granted access to LMS (Learning Management System) within 48 hours.
